SUMMARY

MCA graduate with hands-on experience in designing and developing web applications using Java, Python, JavaScript, and SQL. Proficient in both front-end and back-end development with React, Node.js, and Django, with experience in building RESTful APIs, implementing database-driven applications, and applying object-oriented programming principles. Strong problem-solving skills with a focus on writing clean, maintainable, and scalable code.

EDUCATION

Master of Computer Applications   2023 – 2025
Saintgits College of Engineering, Kottayam, Kerala
CGPA: 7.34

Bachelor of Computer Applications   2020 – 2023
Mangalam M. C. Varghese College, Kottayam, Kerala
CGPA: 7.39

TECHNICAL SKILLS

Programming Languages	Java, Python, PHP, JavaScript
Web Technologies	HTML5, CSS3, REST APIs
Frameworks	React.js, Node.js, Django
Databases	MySQL, SQLite
Tools	GitHub, VS Code, Postman, Eclipse

INTERNSHIP EXPERIENCE

Front-End Development Intern (React.js)   Jun 2024 – Jul 2024
Polus Solutions Pvt. Ltd., Technopark, Trivandrum, Kerala

PROJECTS

AceMock – AI-Powered Career Preparation Platform (*React.js, Node.js*)
Developed a full-stack career preparation platform with mock interviews, assessments, AI-based proctoring, role-based access, and resume matching with automated feedback.

Show Time – Online Movie Ticket Booking System (*Java, Servlets, JSP, MySQL*)
Built a web-based ticket booking system with user authentication, seat selection, and MySQL database integration.

Dento – Dental Appointment Management System (*Python, Django, SQLite*)
Created a responsive appointment scheduling system with CRUD operations, form validation, and efficient database management.

CERTIFICATIONS

Fundamentals of Java – Coursera
Privacy and Security in Social Media – NPTEL
